In Spite of Capricious Weather the Crowds Were Unprecedented.

ARMY AND NAVY PARTICIPATED.

The Parade Was a Magnificent Spectacle, and the Inaugural Ball in Pension Building a Scene That Beggars Description-Gold Braid of Uniforms and Bright Colors of Diplomatic Body Made a Gorgeous Picture

WASHINGTON, March 4.-William W. Kinley, a second time is President of the United States. He was ushered into the graced the holiday-leving national capi-

nies. The day in the carly fercnoon gave promise of being a golden chief of the Weather Bureau, last night de had begun, that lasted with some inof the wet weather unfortunately came just at the time President McKinney was being inducted into office on the east front of the Capital before 49,000 people.

the air was mild and pleasant and the day ended with dry weather.

Garfield was inaugurated in a storm, Harrison in a cold rain that deluged the city from dawn till dark, and Cicveloud took the oath at his second inaugural before 10,000 cheering people in a fierce gale with the snow beating down upon his bare head. To-day's downpour again brought forward the agitation of April 20th as to the date for future inaugurations.

SHIPS RIDE AT ANCHOR.
Off to the south on the broad bosom of the Potomac six warships, one of them he historic Hartford, Admiral Farragut's agehip at the battle of Mobile Bay, rode t ancher. From every direction long inding trains were creeping into the city eething human caldron. In the choked streets spread out below there and everywhere, amid the shifting multitude, so closely packed that the ground seemed fairly alive. On Pennsylvania Avenue the crowd surged up and down both sides, overflowed the terraced stands and balconies, walled in the win-

VAST MULTITUDE. Washington had decked herself out as never before. Only a comparatively in-significant portion of the vast multitude saw anything of the actual inauguration ceremonies at the Capitol. The great unnumbered thousands were content to mait in the avenue below to see the two men on whom the mental attention of the world was fixed to-day and the great which followed them brilliant and impressive scene in the Sen-

dows and fringed roofs.

Personal Statistics of William McKinley.

Here are some interesting statistics about the personal side of William

JOHN JOY EDSON.

Chairman of the Inaugural Committee.

Mr. John Joy Edson, chairman of the Inaugural Committee, has lived in Washington ever since the termination of the civil war, when he was appointed a clerk in the Treasury Department. Since then he has become president of the Washington Loan and Trust Company. Mr. Edson studied law at the Columbian Law School during his clerkship, and meanwhile interested himself in building associations, being one of the prime movers in establishing the Equitable Co-Operative Building Association, of which he became president. Resigning from the Government service, he devoted himself to real estate matters. Twice on account of business engagements Mr. Edson declined the offer of a District Commissionership. He first demonstrated his executive ability when serving as chairman of the Committee on Arrangements of the Grand Army Encampment held in Washington in 1892.

Hat-No. 7%. Has been ill but once during his first term as President. Had the grip for ten days last December. Recovered perfectly. His life is insured for \$50,000.

He was lifty-eight years of age on January 29th last. His father and mother were both old when they died, his mother living to

His diet is simple. He eats a light breakfast, but little luncheon and a good

dinner. Prefers plainly cooked meals and likes few sweets.

Drinks one cup of coffee at breakfast and black coffee at dinner. Smokes one cigar after each meal. His cigars are linest Havana tobacco perfects size, and of medium strength. He does not smoke as much as he did when he first entered the White House.

He has lost ten pounds in weight in four years. He sleeps seven hours each night, is not troubled with Insomnia, and takes a cold bath every morning. His exercise consists of a lively walk through the White House grounds several times each week.

JEWEL BOXES ate, when the Vice-President-elect was induced into office, was reserved for a few hundreds. While the distinguished audience was gathering in the Senate Chamber, the President, in a little side room, was signing the bills which the dying Con-ARE MISSING

gress was sending to him. The brilliant assemblage in the Senate felt an electric thrill as the Vice-President-elect was Mrs. Carroll and Mrs. Wingfiel announced. The greatest curiosity existed to see this man who has been so much in the public eye during recent years, and instantly all eyes were turned Have Valuable Gems and Heirtoward him. He halted a moment, drew himself up until he seemed a foot taller, looms Stolen.

(Special Dispatch to The Times.) LYNCHBURG, VA., March 4.-Another box of valuable jewelry has been lost encouraging reception. He never looked by a Lynchburg family. Several weeks etter and never seemed more graceful ago Mrs. John W. Carroll discovered that the box containing her family jewelry, Many handsomely gowned women, most of the Senators and Representatives, every members of the Supreme Court and valued at between four and five thousand dollars, had disappeared, and despite the efforts of police and private agency, not brayed the elements on the stand at the east front. There the hushed multitude waited breathlessly to see the President the slightest clue as to its whereabouts

nas been ascertained. To-day Mrs. Wingfield, wife of the late Samuel G. Wingfield, discovered that the box containing a number of family jewels and old heirlooms had disappeared. Mr. Wingfield had the care it, but the most careful search has failed to disclose its hiding place. The police are now investigating the matter. W. S. Mays & Son, retail shoe dealers, made an assignment here to-day. Lia-

bilities about \$3,000.

JAPAN'S AGENTS HERE.

They Are in Richmond Studying American Tobacco. S. Hotta and B. Uveda, officials of the

Financial Department of the Japanese Government, are stopping at the Jeffer son, in company with Dr. H. Ikado They are, here to make a study of American methods of handling tobacco.

They are identified with that department of the Japanese Government known as the Bureau of Tobacco Monoply Henceforth the Government in Japan will control all tobacco grown in the islands, and sell direct to all manufacislands, and self direct to all manufac-turers, hence these gentlemen in charge of this bureau are sent by the Govern-ment to America. They will remain in Richmond several days, and having this as their headquarters for a longer time will make tours into the tobacco raising section of Virginia and North Care lina, Dr. Ikado has spent some time here before on this business.

iren under fifteen to be on the streets ofter 10 o'clock in the summer and 8:30 clock in winter, was passed. The bell inging feature is omitted in this ordin

The Council met in regular monthly ession, Mr. Mills in the chair.

THE MAYOR'S MESSAGE.

The annual message from the Mayor, companied by the reports of the departients, was read. The message is as follows:

Richmond, Va., March 4th, 1991. 'o the Honorable, the Council of the

City of Richmond: Gentlemen,—In compliance with the re-nirement of the law I herewith transmit your honorable body the reports of various city officials for 1900-1901, and respectfully ask your attention to their statement and suggestions. So far as careful inquiry and observation enable to judge, I am of the opinion that our airs are managed faithfully and effi-ntly. Respectfully, RICHARD M. TAYLOR,

The communication was referred to committee and ordered to be printed.

A communication from the Charleston Exposition, inviting endorsement, was referred to the Finance Committee. A second communication from the exposition achieve that the city be represented took asking that the city be represented took the same course, as it calls for an appro-The Committee on Streets submitted a

resolution as to paying sidewalks on por-tion of Duva! and Munford Streets, and it INDERGROUND TROLLEY SYSTEM.

The Committee on Streets also reported the ordinance requiring the Passenger and Power Company to install an underground trolley system on Main Street from Laurel to Twenty-eighth Street, This ordinance does not specifically name any system. The company is to have sixty days in which to select a system and file plans and specifications with the Street Committee. In the event of its failure so to do the Council is to select a eystem for it. Mr. Bloomberg moved amendments mak-

ing verbal changes which bring the pro-visions of the ordinance into better shape, and these were adopted. Mr. Allen moved that the counsel for

the railway companies and the under-ground system be heard, but be limited to fifteen minutes. This was carried. FOR PASSENGER AND POWER.

FOR PASSENGER AND FOWER.

Mr. Guigon, of counsel for the Passenger and Power Company, opposed the passage of the ordinance. The burden imposed, he said, would be a grievous ne, costing not less than \$75,000 a mile The underground system was not de manded by any large number of citizens, but had been pushed only and solely by the promoters of an individual system. The ordinance had passed the Street Committee without reference to the City Engineer or City Attorney. It had come

There are no indications of a decline.

GENEROUS OFFER OF ONE CITIZEN

Mr. William Meyer Will Head a List of 100 to Give \$100 for

Public Library.

As an indication of how the public ibrary scheme is striking some publicspirited citizens, Mr. Willie Meyer said yesterday that he would be willing to head the list of one hundred citizens to give \$100 annually each for five years in order to secure the \$100,000 offered the city by Mr. Carnegie, provided the city at that time would take it up.

"There are certainly one hundred citizens who are sufficiently interested in the establishment of such an institution here who will give the sum of \$500 toward reaching that end," said Mr. Meyer.

There is little doubt that the matter will be brought before the Chamber of Commerce, and it is not at all unlikely that an effort will be made by that body to secure at least a portion of the money needed by the city in order to accept Mr. Carnegie's offer.

Some opposition exists in the Council to the appropriation of so large a sum and there are some outside that body who do not think any amount should be given by the city as long as there are so many needs for street and other improvements. Others still believe that the Council should make what appropriations they can toward the improvement to the Mechanics' Institute. Still, opponents of the propositions are few as compared to the overwhelming sentiment in favor of accepting the proposed gift of \$100,000, and

accepting it quickly.

The State law that allows cities and towars to make special tax assessments for the purpose of conducting public libraries and reading-rooms, that was passe at the last regular session of the Legis-lature, as presented by Hon. S. S. P. Patteson, has created considerable com-The educators of the city, including the

School Board, and the attaches of the department, and the State Board of Edu-cation, are earnest advocates of the proposition Mr. Caskie, chairman of the Finance

Committee, is in Washington. When he returns there will probably be a called meeting of the Finance Committee. The next regular meeting of that committee will be on the 18th instant. Among the prominent citizens who have expressed themselves in favor of securing the library is Dr. E. N. Calisch. He

approves of either a special tax or a slight reduction of certain appropriations.

GENERAL FRANCIS VINTON GREENE.

Brig.-Gen. Francis Vinton Greene, the grand marshal of the inaugural parade, is a graduate of West Point. He has served in both the artillery and engineer corps of the army. In 1877 he represented this Government in the war between Russia and Turkey, and received decorations from both the Czarand King of Roumania. Subsequently he was military attache at St. Petersburg. His history of the Turco-Russian war, written In 1879, is universally accepted as the standard chronicle of that event. General Greene was assistant to the Engineer Commission in Washington for six years after his return, and in 1886 was ordered to West Point as instructor in practical military engineering. During the war was Spain he was appointed brigadier-general of volunteers.
